ACKNOWLEDGEMENTS

ACKNOWLEDGEMENTS

The Office of National Drug Control Policy (ONDCP) acknowledges the contributions made by the 78 *Pulse Check* sources who voluntarily prepared for and participated in the in-depth discussions that are the basis for this report. Their names (unless they requested anonymity) appear in an appendix. Information presented in this publication reflects the views of those sources, and not necessarily those of the Federal Government.

Marcia Meth and Rebecca Chalmers of Johnson, Bassin & Shaw, Inc., produce the *Pulse Check* for ONDCP, under Contract Number 282-98-0011, Task Order Number 11. Anne McDonald Pritchett, Office of Planning and Budget, ONDCP, serves as the project director and editor for *Pulse Check*.

All material in this publication is in the public domain and may be reproduced or copied without permission from ONDCP. Citation of the source is appreciated. The U.S. Government does not endorse or favor any specific commercial product. Trade or proprietary names appearing in this publication are used only because they are considered essential in the context of the information reported.

This issue and previous issues of *Pulse Check* are available online at <www.whitehousedrugpolicy.gov> .

CONTENTS

Highlights	1
Introduction	7
Special Topic: A Look at Local Drug Markets	9
Drug Treatment Issues	21
Heroin	25
Crack Cocaine	35
Powder Cocaine	43
Marijuana	49
Methamphetamine	57
Diverted Synthetic Opioids	65
Ecstasy	71
Other Drugs of Concern	77
Appendix 1: Methodology	79
Appendix 2: Population Demographics in the 20 Pulse Check Sites	81
Appendix 3: National-Level Data Sources Available in the 20 Pulse Check Sites	81
Appendix 4: Pulse Check Sources	82
Appendix 5: Discussion Areas by Source Type	84
EXHIBITS	
Highlights	
Exhibit 1. How serious is the perceived drug problem in the 20 <i>Pulse Check</i> communities (spring 2002)?	1
Exhibit 2. How has the perceived drug problem changed (fall 2001 vs spring 2002)?	1
Exhibit 3. What are the most serious drug problems in the 20 <i>Pulse Check</i> cities, by type of source?	2
Exhibit 4. What are the most serious drug problems in the 20 <i>Pulse Check</i> sites, by number of sources and sites?	2
Exhibit 5. How has the preceived drug problem changed (fall 2001 vs spring 2002)?	3
Exhibit 6. What new problems have emerged or intensified during spring 2002?	4
Exhibit 7. In what crimes, besides drug sales, are illicit drug sellers involved across <i>Pulse Check</i> cities?	5
Exhibit 8. How likely are sellers to use their own drugs across <i>Pulse Check</i> cities, by drug?	6

CONTENTS

Special Topic: A Look at Local Drug Markets

Exhibit 1. How difficult is it for undercover police and users to buy drugs? (Averages, 0–10 scale)	9
Exhibit 2. How difficult is it for undercover police and users to buy specific drugs across the 20 <i>Pulse Check</i> cities?	10
Exhibit 3. How difficult is it to buy heroin?	11
Exhibit 4. How difficult is it to buy methamphetamine?	12
Exhibit 5. How do dealers and buyers communicate?	13
Exhibit 6. What else, besides cash, is exchanged for drugs?	14

Drug Treatment Issues

Exhibit 1. How has illicit drug abuse impacted the health of users?	21
Exhibit 2. What are the barriers to drug treatment in different <i>Pulse Check</i> cities?	22

Heroin

Exhibit 1. How available is heroin across the 20 <i>Pulse Check</i> cities (spring 2002)?	25
Exhibit 2. How has overall heroin availability changed (fall 2001 vs spring 2002)?	26
Exhibit 3. Which heroin varieties have changed in availability (fall 2001 vs spring 2002)?	26
Exhibit 4. What are the prices and purity levels of different types of heroin in 19 <i>Pulse Check</i> cities?	27
Exhibit 5. How is heroin referred to, and what types of heroin predominate, in the four regions of the country?	28
Exhibit 6. How are street-level heroin sellers organized across the 20 <i>Pulse Check</i> cities (spring 2002)?	29
Exhibit 7. What other drugs do heroin dealers sell?	31
Exhibit 8. Which non-methadone treatment programs in <i>Pulse Check</i> cities have substantial percentages of clients reporting heroin as their primary drug of abuse? How have those percentages changed (fall 2001 vs spring 2002)?	32
Exhibit 9. How do users administer heroin?	33

Crack Cocaine

Exhibit 1. How available is crack cocaine across the 20 <i>Pulse Check</i> cities (spring 2002)?	35
Exhibit 2. How has crack cocaine availability changed (fall 2001 vs spring 2002)?	36
Exhibit 3. What are crack cocaine price levels in 19 <i>Pulse Check</i> cities?	37
Exhibit 4. How is crack cocaine referred to in the four regions of the country?	38
Exhibit 5. Which non-methadone treatment programs in <i>Pulse Check</i> cities have substantial percentages of clients reporting crack or powder cocaine as their primary drug of abuse? How have these percentages changed (fall 2001 vs spring 2002)?	39
Exhibit 6. Which genders are the predominant users of specific drugs in the <i>Pulse Check</i> cities?	40

Powder Cocaine

Exhibit 1. How available is powder cocaine across the 20 <i>Pulse Check</i> cities (spring 2002)?	43
Exhibit 2. How has powder cocaine availability changed (fall 2001 vs spring 2002)?	43
Exhibit 3. What are the prices and purity levels of powder cocaine in 18 <i>Pulse Check</i> cities?	44
Exhibit 4. How is powder cocaine referred to in the four regions of the country?	45
Exhibit 5. How has the number of powder cocaine users changed (fall 2001 vs spring 2002)?	46

Marijuana

Exhibit 1. How available is marijuana across the 20 <i>Pulse Check</i> cities (spring 2002)?	49
Exhibit 2. How has marijuana availability changed (fall 2001 vs spring 2002)?	49
Exhibit 3. Which marijuana varieties have changed in availability (fall 2001 vs spring 2002)?	50
Exhibit 4. How much does marijuana cost in 19 <i>Pulse Check</i> cities?	51
Exhibit 5. How is marijuana referred to in the four regions of the country?	52
Exhibit 6. Which non-methadone treatment programs in <i>Pulse Check</i> sites have substantial percentages of clients reporting marijuana as their primary drug of abuse? How have those percentages changed (fall 2001 vs spring 2002)?	53
Exhibit 7. How are different drug users referred to treatment?	53
Exhibit 8. Who is most likely to use marijuana?	54
Exhibit 9. Where are drug users most likely to reside?	54
Exhibit 10. What adverse consequences do substantial percentages of <i>Pulse Check</i> sources attribute to the use of marijuana, either alone or in combination with other drugs?	56

Methamphetamine

Exhibit 1. How available is methamphetamine across the 20 <i>Pulse Check</i> cities (spring 2002)?	57
Exhibit 2. How has methamphetamine availability changed (fall 2001 vs spring 2002)?	57
Exhibit 3. How much does methamphetamine cost in 13 <i>Pulse Check</i> cities?	59
Exhibit 4. How is methamphetamine referred to in the four regions of the country?	61
Exhibit 5. Which treatment programs in <i>Pulse Check</i> sites have substantial percentages of clients reporting methamphetamine use? How have those percentages changed (fall 2001 vs spring 2002)?	62

Diverted Synthetic Opioids

Exhibit 1. Where is OxyContin® diversion and abuse emerging across the 20 <i>Pulse Check</i> cities?	65
Exhibit 2. How available is diverted OxyContin® across the 20 <i>Pulse Check</i> cities (spring 2002)?	66
Exhibit 3. How has diverted OxyContin® availability changed (fall 2001 vs spring 2002)?	66
Exhibit 4. Which treatment programs in <i>Pulse Check</i> sites have substantial percentages of clients reporting OxyContin® as their primary drug of abuse? How have those percentages changed (fall 2001 vs spring 2002)?	69

Ecstasy

Exhibit 1. Where is ecstasy emerging across the 20 <i>Pulse Check</i> cities?	71
Exhibit 2. How available is ecstasy, and how has availability changed, across the 20 <i>Pulse Check</i> cities (fall 2001 vs spring 2002)?	71
Exhibit 3. How is ecstasy referred to and marketed across the 20 <i>Pulse Check</i> cities?	72
Exhibit 4. How much does a pill (one dose) of ecstasy cost in the 20 <i>Pulse Check</i> cities?	73

Other Drugs of Concern

What are some street prices of other drugs of concern?	78
